

## **AtSc 252 Applied Weather Modification - Homework 1**

### **Historical, Legal and Sociological Barriers**

Write approximately two to three sentences to address each of the following topics. Upload completed document to class Blackboard site.

1. Explain what happens when dry ice is introduced to a chest freezer with a supercooled cloud.
2. Find and summarize state law concerning weather modification in your home state or country.
3. Describe one or two reasons why many people do not want weather modification.
